

Information Bulletin No. 6

17 May 2022

In view of the large number of events taking place simultaneously over the course of CFC22, the Organising Committee has decided to increase the number of automatically available accreditations per country on certain days to the following levels:

Days 1-4: 8 accreditations per country

Days 5-6: 5 accreditations per country

Days 7-12: 8 accreditations per country

Accreditations over and above the 5 or 8 automatically available accreditations will still incur a charge of £45 per day.

Any enquiries regarding accreditation should be directed through the relevant national nominated contact. The Organising Committee will not be issuing accreditations to personal coaches on an individual basis, all accreditation applications **must** be submitted by the nominated contact of the relevant country.
